

REMARKS

I. WITHDRAWAL FROM ISSUE

Applicant respectfully requests that this application be withdrawn from issuance for the following reasons. First, under Rule 313(b)(3) or (c)(1), one of the claims is not patentable. Specifically, claim 66 is dependent on a cancelled claim, claim 39, rendering claim 66 invalid. Apparently, the failure to cancel claim 66 occurred in the Examiner's Amendment attached to the Notice of Allowance, which was mailed on June 16, 2006. Applicant failed to notice the defect when the issue fee was timely paid on Sept. 18, 2006 and first learned of the defect on March 16, 2007. Second, an IDS is being submitted, under Rule 313(c)(2), so that the art listed therein can be considered. Applicant respectfully requests that the petition be granted so that these matters can be considered by the Examiner forthwith and the application can proceed again to issuance.

II. INFORMATION DISCLOSURE STATEMENT

The Examiner's attention is hereby directed to the submission of an Information Disclosure Statement (IDS) respecting this application, in accordance with 37 CFR § 1.56. Consideration of the references is hereby requested.

III. CONCLUSION

Claims 28-34 and 41-67 are believed to satisfy all of the criteria for patentability and are in condition for allowance. An early indication of the same is therefore kindly requested.

No fees beyond the Petition for Withdrawal from Issuance and RCE fees are believed to be due in connection with this Amendment. However, the Director is authorized to charge any additional fees that may required, or credit any overpayment, to Dechert LLP Deposit Account No. 50-2778 (**Order No. 372499-00101 (336988)**).
